EXPERIENCE

AMAZON | SOFTWARE DEVELOPMENT ENGINEERING INTERN

May 2024 – June 2024 | Hyderabad, India

- On-boarded SAM (Smart Asset Management) to Transformation and Enrichment services, ensuring accurate data processing and storage.
- Automated DynamoDB entry process, reducing manual effort from 1200 hours (about 1 and a half months) to less than 5 hours.
- Refactored SAM Workflow Lambda code, improving maintainability and performance.
- Developed unit tests for SAM's Transformation Invoker and Receiver Lambdas.
- Added request-level operational metrics to CloudWatch for detailed monitoring. I learned using almost 10 AWS services like S3, SNS, SQS, CloudWatch, AWS Glue, Lambda, DynamoDB, etc.

PROJECTS

SEM PREP | INSTANT AI GEN NOTES APP

- **SemPrep**
- Developed a Flask-based web app that generates structured academic notes from syllabus inputs using Hugging Face's NLP API.
- Integrated MongoDB Atlas for user and note management and deployed the app on Vercel with secure environment configurations.

LORD RAMA'S GALLERY | WEB DEVELOPMENT WITH PHP AND MYSQL

- **Lord Rama's Gallery**
- Designed and developed a Ramayana-themed quiz web application using PHP and MySQL, with a user-friendly interface and a dynamic leader board.
- Integrated a MySQL database to manage user responses, scores, and display real-time leader board rankings.

ATTENDANCE TRACKER | BASIC WEB DEVELOPMENT PROJECT

- **Attendance Tracker**
- An attendance tracking web application, which helps students to maintain attendance. Created using HTML, CSS, Java script.

POSITIONS OF RESPONSIBILITIES

COMPUTER SOCIETY OF INDIA | MEMBER OF CSI

- Have been an important member of the club CSI. Organizing various technical events in the college.

DEPARTMENT NEWSLETTER EDITOR | ANITS, CSE (AI ML)

NEWSLETTER AND MAGAZINE EDITOR

- Have been the editor of the department's monthly newsletter and final reports, documenting various research works, achievements and activities of the department.

EDUCATION

ANIL NEERUKONDA INSTITUTE OF TECHNOLOGY AND SCIENCES

BACHELOR OF TECHNOLOGY IN COMPUTER SCIENCE WITH

SPECIALIZATION IN AI AND ML

Expected June 2026 | Visakhapatnam, Andhra Pradesh

Cum. GPA: 9.01 / 10.0

SKILLS

PROGRAMMING

3+ years:

• Python • C • Java • Networks • Data Structure and Algorithms • HTML • CSS

1+ years:

• PHP • JavaScript • MySQL • OS • DBMS

0+ years:

• Flask • Express • MongoDB • TypeScript

TECHNOLOGY

Git/Github • AWS(SNS,SQS,AWS Glue,CloudWatch,S3, DynamoDB) •

Linux

UNIX • Windows

Artificial Intelligence • Automation

COURSEWORK

GRADUATE

Analysis of Algorithms

UNDERGRADUATE

Artificial Intelligence

AI Robotics

Operating Systems I

Calculus I-IV

Data Analysis I

Introduction to Probability

SOCIETIES

Association for Computing Machinery (ACM)

Indian Society for Computer Education

Computer Society of India
